System Requirements For Free AAC To MP3 Converter:

The tutorial will work well in most situations but should be updated for different configurations. Tutorial only lists DirectX 10/11/12 at this time. I can not be held responsible for any issues caused by these. The tutorial requires your computer to meet minimum requirements. Please note that the tutorial is highly recommended for an up-to-date video card with support for DirectX 11. You may have a problem if your graphic card does not meet minimum requirements. You will need to take up the burden to upgrade your card.
