Wellington Breakfast Group Blog Twitter really is an amazing tool for discovering exciting news in your world The internet is in constant change and the almost weekly announcement of new releases and updates can often lead to a bombardment of information in such a short space of time. It can be difficult to navigate and if you're not careful, you can be overwhelmed by the amount of news around you. On top of that, you may be bombarded with all the news you need to keep up to date with your clients, colleagues, friends and family and as a business leader, you could have to sort through it all and find the information you need about what's important. Within Social Media itself, it's not surprising that we may receive the biggest amount of tweets relating to marketing strategies
